

# Grant Agreement Reimbursement Terms

| Rule           | Requirement                                                                                                     |
|----------------|-----------------------------------------------------------------------------------------------------------------|
| Federal share  | Award reimburses 75% of documented eligible disaster-response costs.                                            |
| Match          | Subrecipient must document the remaining 25% local match with cash or allowable in-kind support.                |
| Allowability   | Costs must be necessary, reasonable, allocable, authorized, and adequately documented.                          |
| Procurement    | Contractor and supply costs require procurement support or emergency justification.                             |
| Excluded costs | Lobbying, unsupported sole-source catering, financing interest, and internal cash-flow costs are not claimable. |
